

Julien Bézy

Cyber Red Team Operator

Organized, rigorous and self-taught, I decided to put these skills to good use in the world of cybersecurity, for which I have discovered a real passion. But it was thanks to my training at Technobel that I was able to really apply these competencies. They enabled me in particular to think about and work on defense and attack scenarios on network infrastructures. I've also always been very curious and interested in new security strategies. I'm trying to put all these skills to good use in preparing for cybersecurity-related certifications.

Expertise

- Network architecture (CISCO routers, MLS, switches)
- SIEM (Splunk, Wazuh)
- NOC (Zabbix)
- Firewall (Fortigate, Pfsense)
- WAF (ModSecurity)
- IDS / IPS (Snort, Suricata)
- VPN (IPsec, SSL)
- Docker
- Cloud (Azure, Microsoft 365)
- Active Directory / Windows Server
- Open Source (RHEL, Kaisen)
- Adobe Creative Apps

Soft Skills

Creative in the search for new attack scenarios

Capable to adapt to new threats and ways of protecting against them

Communication and popularization to translate technical concepts

Languages

French (mother tongue)

English (B2+)

Dutch (A2+)

Education

○ 2024 - Ongoing | Technobel, Ciney

SecOps-oriented Cybersecurity Consultant training

- **POD:** Setting up a secure, monitored network infrastructure
- **Play-Zone:** Set up of a secure infrastructure compliant with NIS2 standards, as part of a project with Rsecure company | I was mainly in charge of setting up the linux and web part and its security, as well as the pentest and demonstration part
- **MakerHub:** End of training project | Pentest-oriented subject with a credible attack scenario and active detection with SOC

○ 2024 | Technobel, Ciney

Cisco IT Essentials training

Obtained

○ 2022 - 2023 | IPEPS, Seraing

Audiovisual Production training

Obtained with a score of 93/100 | Shooting and editing of short videos produced for the benefit of certain organizations

○ 2022 | Institut Saint-Laurent, Liège

Wordpress training

Obtained with a score of 95/100

○ 2019 - 2022 | IESN Hénallux, Namur

Bachelor's degree in Marketing

Degree obtained with distinction | Spirit of analysis and organization of information | TFE realized with subject "Implementation of specialized medical products on the Italian market".

○ 2018 - 2019 | IESN Hénallux, Namur

Bachelor's degree in Computer Science

Procedural (C) and object-oriented (Java) programming, markup languages (HTML, CSS)

○ June 2018 | Institut de la Providence de Champion, Namur

General CESS

Degree obtained with distinction - Languages (Dutch, English) and strong science options

Experience

Student Jobs | 2018 - 2023

Worked in a Supermarket (Carrefour Market - Vedrin) and in an Organic Store (Al'Binète - Waremme) | Checkout, restocking, stock organization

Scout Leader | 2018 - 2020

Cub Scout Leader - Full Scouting program
Group management, resourcefulness, teamwork

Interests

Music (piano, guitar, ukulele): Clearing the mind

Badminton: Combativeness and perseverance

History and current events: Discoveries and learning
